Dante, Rebecca's already gone for the day, so I'll reply on her behalf. Although we really like the happy hour reference and Andy buying round(s), based on my conversations with Rebecca about Anaconda and the MSCA grant, I think it's prudent to wait until the end of this month to discuss Anaconda grant funding, etc. As you know, there are a number of dynamics in play right now that could alter the direction we go with the Anaconda funding portion next year. I feel like we'll be meeting to discuss Anaconda quite a bit over the next month or two to work the funding portion of the grant out. If not, and you guys need a number sooner for the grant's office folks, we can just use the amount that was approved last year. Let me know if you want to discuss further. Jeryl and I were not planning on being at that meeting on the 18th and had hoped we could meet up for happy hour on the 17th.

Hey all,

The CRMS meeting is actually for both CRMS and Anaconda (MSCA grant), so Jeryl would be attending that one too (1/18, 1-3:30p).

All are invited for happy hour 1/18 after the meetings. Andy is buying first round!
